AGREEMENT

This Agreement is entered into this _____ day of May, 2016 between the City of Belvidere, an Illinois municipal corporation (City) and Mike Borowicz to resolve a violation of the City of Belvidere Municipal Code.

WHEREAS, Mike Borowicz (hereinafter Owner) owns certain real property commonly known as 1206 Dalbigne St. (hereinafter the Property which is described in the attached exhibit) in the City of Belvidere; and

WHEREAS, Owner acknowledges that he is the fee simple owner of the Property; and

WHEREAS, the Property is improved with a single family home and a driveway (the Driveway); and

WHEREAS, the Driveway has deteriorated and is in a state of disrepair and violates the Property Maintenance Code as adopted by the City; and

WHEREAS, the Owner desires to repair the driveway and bring it into compliance with the City of Belvidere Municipal Code; and

WHEREAS, the Property struggles with flooding issues as it is the lowest point in the vicinity and the City has not installed storm water sewers or curbs and gutters at the time of this Agreement; and

WHEREAS, the Owner believes that installation of a hard surface driveway prior to remediating the flooding issues on the Property will cause a new hard surface driveway to deteriorate prematurely and without warranty.

NOW THEREFORE, in consideration of the mutual agreements and covenants set forth in this Agreement and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

- 1) The foregoing recitals are incorporated herein by this reference.
- 2) The City agrees that it will not enforce section 150.704(F)(1), Surface and Marking, of the City of Belvidere Municipal Code, which requires hard surface of all parking areas, until such time as the City of Belvidere installs curb, gutter and/or other appropriate storm water management facilities in the area, whichever is lesser. During this period, Owner may install the base for a driveway consisting of aggregate base stone and gravel in accordance with any reasonable requirements of the City. Owner agrees to ensure that gravel and aggregate base remains on the driveway and does not flow onto the City's right of way.
- 3) Owner agrees to install a full hard surfaced driveway (concrete or bituminous) within ninety (90) days of notice by the City that it has installed or is installing any curb and gutter or other storm water management facilities, weather and soil conditions permitting. If Owner fails to install said concrete or bituminous driveway with the ninety (90) day period (or within the extended

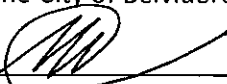

period due to weather or soil conditions), fines shall be assessed in the amount of \$100.00 per day retroactive to the date of the notice issued by the City and shall accrue until such time as the driveway is installed.

- 4) Owner agrees that Owner shall pay the City's reasonable costs of enforcing this Agreement including, but not limited to, reasonable attorneys' fees, court costs and recording costs.
- 5) This Agreement constitutes a covenant running with the land and will be binding upon Owner's successors and assigns in interest to the Property. Either party may record this Agreement with the Boone County Recorder's Office.
- 6) The Parties agree that this Agreement shall be interpreted pursuant to the laws of the State of Illinois without regard to any conflicts of law provisions. In the event of any action to enforce this Agreement that action shall be brought in the 17th Judicial Circuit, Boone County Illinois and both parties subject themselves to the jurisdiction of that Court.
