Re: Purchase of Property – Highline Lift Station

The Highline Lift Station is located on the corner of Highline Street and Lakeshore Drive and was constructed in the late 1960's as part of the H.V. Davis Subdivision. Typically, when a lift station is required as part of a new subdivision, a separate parcel is created and dedicated to the City where the lift station is located. However, we find no record of any property transfer for the Highline Lift Station.

The current owner of the property, Bonita Wainscott Trust #1, is in the process of selling and contacted the City regarding the acquisition of the property that the lift station occupies. Since we have acquired the adjacent property, the attached survey plat illustrates the property to be purchased in order to have one contiguous parcel. The lift station parcel is 5,195sf and the purchase price is \$2,000.00.

I would recommend the purchase of the High Line Lift Station parcel from the Bonita Wainscott Trust #1 in the amount of \$2,000.00. This property purchase will be paid for from Sewer Connection Fees – Land, Line Item #61-1710.

RESOLUTION #2079-2018:
A RESOLUTION PERTAINING TO PREVAILING RATES

WHEREAS, the State of Illinois has enacted “An Act regulating wages of laborers, mechanics and other workers employed in any public works by the State, County, City or any public body or any political subdivision or by any one under contract for public works,” approved June 26, 1941, as amended, (820 ILCS-130/1 et seq.); and

WHEREAS, the aforesaid Act requires that the City Council of the City of Belvidere, investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics and other workers in the locality of said City of Belvidere employed in performing construction of public works, for said City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BELVIDERE, ILLINOIS:

Section 1: To the extent and as required by “an Act regulating wages of laborers, mechanics and other workers employed in any public works by State, County, City or any public body or any political subdivision or by any one under contract for public works,” approved June 26, 1941, as amended, the general prevailing rate of wages in this locality under the jurisdiction of the City is hereby ascertained to be the same as the prevailing rate of wages for construction work in the Boone County area as determined by the Department of Labor of the State of Illinois as of June of the current year, a copy of that determination being attached hereto and incorporated herein by reference. As required by said Act, any and all revisions of the prevailing rate of wages by the Department of Labor of the State of Illinois shall supersede the Department’s June determination and apply to any and all public works construction undertaken by the City. The definition of any terms appearing in this Resolution, which are also used in aforesaid Act, shall be the same as in said Act.

Section 2: Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of the City to the extent required by the aforesaid Act.

Section 3: The City Clerk shall publicly post or keep available for inspection by any interested party in the main office of the City this determination or any revisions of such prevailing rate of wage. A copy of this determination or of the current revised determination of prevailing rate of wages then in effect shall be attached to all contract specifications. All contracts subject to the Act and all bid specifications for works subject to the Act shall specifically require compliance with the Act, including but not limited to, the record keeping and reporting provisions.

Section 4: The City Clerk shall mail a copy of this determination to any employer and to any association of employers and to any person or association of employers who have filed their names and addresses, requesting copies of any determination stating the particular rates and the particular class of workers whose wages will be affected by such rates.

Section 5: The City Clerk shall promptly file a certified copy of this Resolution with both the Secretary of State Index Division and the Department of Labor of the State of Illinois.

Section 6: The City Clerk shall cause to be published in a newspaper of general circulation within the area, a copy of this Resolution, and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

Adopted by the City Council of the City of Belvidere, Illinois this day of June 2018.

Legend

M-F OT Unless otherwise noted, OT pay is required for any hour greater than 8 worked each day, Mon through Fri. The number listed is the multiple of the base wage.

OSA Overtime pay required for every hour worked on Saturdays

OSH Overtime pay required for every hour worked on Sundays and Holidays

H/W Health/Welfare benefit

Explanations BOONE COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

COMMUNICATION TECHNICIAN

Installing, manufacturing, assembling and maintaining sound and intercom, protection alarm (security), fire alarm, master antenna television, closed circuit television, low voltage control for computers and/or door monitoring, school communications systems, telephones and servicing of nurse and emergency calls, and the installation and maintenance of transmit and receive antennas, transmitters, receivers, and associated apparatus which operates in conjunction with above systems. All work associated with these system installations will be included EXCEPT the installation of protective metallic conduit in new construction projects (excluding less than ten-foot runs strictly for protection of cable) and 120 volt AC (or higher) power wiring and associated hardware.

MATERIAL TESTER I: Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.

MATERIAL TESTER II: Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.
